Dear colleagues

We are pleased to welcome you to our 4th edition of the Swiss Heart Valve Meeting (SHVM) in Lucerne.

The course is designed to cover the evaluation and treatment of valvular heart disease and enables a platform for the Heart Team to discuss in detail the standard of care but also new therapeutic options for the growing number of patients suffering from valvular heart disease.

Again, we would like to thank the sponsors for making this event possible and are proud to welcome international experts who will provide the participants with the latest news and trends but also with personal experience on a patient basis.

Again, interactive sessions are an important part of the one-day meeting as consensus within the Heart Team is key for careful patient treatment.

We hope that you like the program and we would be happy to welcome you on-site in Lucerne, near to the lake and the train station in the Radisson Hotel.

You can discover the program online (www.swissheartvalve.ch).

We thank cordially our sponsors for their trust and valuable support of the meeting and look forward to lively and controversial discussions.

On behalf of the scientific committee

Prof. Dr. med. Peter Wenaweser

Prof. Dr. med. Olivier Muller
CHUV Lausanne

Agenda

08:15	Welcome coffee
08:30	Objectives of the course P. Wenaweser, F. Praz, E. Ferrari, S. Toggweiler, O. Muller

Session 1: Heart failure and valvular heart disease

Moderator	F. Praz
Chairs	M. Paul, L. Hunziker Munsch, G. Noll
08:40	Heart Failure and valvular heart disease: prevalence, pathomechanisms, and the role of medical treatment A. Flammer
09:10	Heart failure and VHD: when to intervene? K. P. Kresoja / GER

Session 2: TAVI rapid fire session

Moderator	E. Ferrari
Chairs	B. Stähli, D. Tüller, P. Haager
09:40	Case 1: My best case with Sapien 3 Ultra Resilia D. Tüller
09:55	Case 2: My best case with Evolut Fx S. Mauler-Wittwer
10:10	Case 3: My best case with Navitor I. Moarof
10:25	Case 4: My best case with Allegra D. Locca
10:40	Case 5: My best case with Myval Octacor S. Toggweiler
10:55	Coffee break

Session 3: The 2025 VHD guidelines: what is new?

Moderator	B. Stähli	
Chairs	S. Noble, F. Mahfoud, M. Kirsch	
11:15	Highlights from the 2025 VHD guidelines	J. Lanz

Session 4: Mitral valve interventions

Moderator	O. Muller	
Chairs	J. Grünenfelder, J. Stehli, N. Brugger	
11:40	Mitral-TEER and valve replacement: where is the journey going?	P. Lurz / GER
12:05	Combined mitral and tricuspid valve disease: considerations and case examples	J. Hausleiter / GER
12:30	Lunch	

Session 5: “Heart Team battle 1“

Moderator	P. Wenaweser	
Battle Teams	Berne: D. Reineke, J. Lanz USB Basel: O. Reuthebuch, T. Nestelberger	
13:15	Severe aortic stenosis and severe tricuspid regurgitation - Case presentation (Inselspital Berne) - How would we treat (USB Basel) - How did we treat (Inselspital Berne)	
13:40	Severe aortic stenosis and heavily calcified ilio-femoral access - Case presentation (USB Basel) - How would we treat (Inselspital Berne) - How did we treat (USB Basel)	

Session 6: Tricuspid valve interventions

Moderator	S. Toggweiler	
Chairs	P. Lurz, J. Ljubas Macek, S. Caselli	
14:05	Case 1: My best case with Triclip	P. Lurz / GER
14:20	Case 2: My best case with PASCAL	O. Gaemperli
14:35	Case 3: My best case with Evoque	J. Michel
14:50	Imaging pearls tricuspid valve	S. Stämpfli
15:05	Coffee break	
15:25	When and how to pace in patients with valvular heart disease: an update	H. Burri

Session 7 “Heart Team battle” 2

Moderator	O. Dzemali	
Battle Teams	CHUV: P. Monney, O. Muller Heart Clinic Hirslanden: R. Corti, P. Biaggi	
15:55	Severe primary MR in a patient aged 75-80 - Case presentation (CHUV) - How would we treat (Heart Clinic Hirslanden) - How did we treat (CHUV)	
16:20	Severe AR with increased surgical risk - Case presentation (Heart Clinic Hirslanden) - How would we treat (CHUV) - How did we treat (Heart Clinic Hirslanden)	
16:45	Closing Remarks P. Wenaweser, F. Praz, E. Ferrari, S. Toggweiler, O. Muller	
16:50	Apéro
